

GEAPUR BF 34

Chemical Nature:	aliphatic polyurethane in aqueous
Active Substance:	approx. 19%
pH:	approx. 9,0
Ionic Charge:	anionic
Film Hardness:	medium-hard
Film Transparency	transparent
Aspect:	transparent liquid
Utilization:	top coats

PROPERTIES

GEAPUR BF 34 is a medium hard polyurethane with a transparent, resistant and extremely bright film. GEAPUR BF 34 is indicated for articles that require resistant and flexible top coats.

According to the number of layers applied, GEAPUR BF 34 produces a brightness level compared to the patent leathers obtained with solvent top coats. To enhance its properties the usage of a cross-linker like GEAFIX 7 is indicated.
