

GEALUX FINISH PA

Chemical Nature:	granulated paraffin with low oil content
Active Substance:	approx. 100%
Melting Point:	approx. 60°C-63°C
Ionic Charge:	non-ionic
Aspect:	white granulated
Utilization:	articles with pull-up effect

PROPERTIES

GEALUX FINISH PA is a paraffin of low oil content developed to provide pull up effects on leathers. GEALUX FINISH PA provides a good darkening effect without changing the leather softness. Its application is recommended in roller coater machines.
